

Many thanks indeed Wan Ling for your Association's suggestions, which I treasure most. I will certainly take those into serious consideration when we work on our Manpower Plan.

I am sure that with our mutual understanding and joint efforts, we could better equip our department to better serve the community, and, when the time comes for our retirement, we could all be proud of our contributions.

Thanks once again Wan ling for your excellent coordination work. Do feel free to contact me anytime you see the need.

With warm wishes for a prosperous Chinese New Year,

Marigold Lau
